

Children's Online Privacy Protection

About Children's Online Privacy

The Children's Online Privacy Protection Act (COPPA) was passed to give parents increased control over what information is collected from their children online and how such information is used. The law applies to websites and services directed to, and which knowingly collect information from, children under the age of 13. TCSB's websites and online services are not directed to children under the age of 13, nor is information knowingly collected from them. For additional information on COPPA protections, link to the Federal Trade Commission's website at <http://www.onguardonline.gov/articles/0031-kids-privacy>.

Money Island for Children

We do not knowingly collect any personal information from or about children. Registration is only open to adults, such as parents and teachers, age 18 and older, with a valid authorization code from a referring provider or your local community financial institution. Once an adult has registered, the adult may add one or more of his / her child(ren) / student(s) to his / her Money Island account, and permit such child(ren) / student(s) to use the Service and Site.. Once a child has activated a kid account within a parent's / teacher's account, he / she may use the Service but we do not collect any personal information from or about the child / student. If you think your child / student has submitted any personal information directly to Money Island, or has created an account with us independent of an adult account, please email us at support@moneyisland.com. If we find that a child / student has submitted personal information directly to us, we will take steps to immediately delete such information.

Parental Rights

TCSB does not condition the participation of any child / student in any Money Island activity on the collection of more personal information from adults than is reasonably necessary for the child / student to participate.
